Hi Julie, Hevis is definitely interested in attending DEA school in March. I will have her contact Sydney about the paperwork. We will check with the DEA folks to see if space is available for two chemists. CBS

We have some money available for training on the Coverdell grant and I know we had talked about Hevis & Sonja attending. Time is getting short – the grant ends on March 31st, so they need to initiate TAF paperwork. Sydney Fuller- Jones can assist them with this.

Since the Coverdell program is planning major changes for future grant cycles, it is highly unlikely that we have training money in subsequent years. This could be the last opportunity to attend.

Julie
